Mud pack therapy

At Hotel Garden Terme we use only mature mud FANGO MATURO DOC® for the mud pack therapy, regularly tested and controlled by University of Padua. This natural mud pack is unique in the world because of one alga, denominated ETS 05, which reproduces only in the Euganean spa basin. Its anti-inflammatory effect has been patented at the European level with no. EP 05100038.

MUD PACK THERAPIES

The mud pack formulas include: first medical check to undergo treatments and medical check up during the treatments, mud pack therapy, cleansing shower, thermal ozone bath, reaction massage in the bedroom, hire of bathrobe for the spa, specific mineral drink.

THE HEALTH PASSPORT®

The European Commission has confirmed it: Our state of health is correlated strictly with our individual behavior (diet, sports, enjoyment foods) and the socio-economic factors. These factors can concretely improve by prevention programs. This idea corresponded to Hotel Garden's philosophy, when in 1989 started the first health stages and health coachings. The following prevention week is already approved by some health insurances!
